Reflective stick

The reflector, which doesn't spoil your outfits. That's why you don't have to take it off every time you meet people.

new

Safety first. As well as style! Reflective stick shines in the dark like a supernova, making you visible at night and looking great at sunrise. That's why you don't have to take it off. Wear reflector without ruining your outfits and without being run over.

Market doesn't offer safety reflectors, which are good looking and can be a fashion accessory. And then there is a human need to feel safe on the roads. Ideal for wearing yourself or as a present.

Rubber, Certificated reflecting fabric, 2,5mm natural rubber string.

Picnic / table cloth

Indoor & outdoor use

You love white and tidy tablecloth like in Italian trattorias? But hate the idea of ironing it? We do too. So we made the no-need-to-iron tablecloth!

Papercloth is washable and almost impossible to tear apart. After a dinner just put this tablecloth into the washing machine and re-use it straight away. It dries in a minute!

Both indoor and outdoor use makes it superb for your picnic or other trips.

Material

"Tyvek"
Water proof
Stain resistant
100 % recyclable
Ultra light: 115 - 275g.
Weather resistant:
-70°C - +100°C

Small tree
78 x 29 cm

About us

MARCH is a product development company, founded in 2012 by Martynas Kazimierėnas and Egle Opeikienė. It currently operates from headquarters under the oak trees in Vilnius, the capital of Lithuania.

We constantly observe surroundings and things of daily use in a quest to find a gap – a new object, new invention, a new principle. MARCH has strong views on overproducing, making sure that we put in our pipeline only those objects that can be invented or re-invented. Like the safety reflector, which can improve your safety by being more wearable. That makes MARCH environment friendly company.

MARCH invents its own products and collaborates with other creative folks as well – our interest ranges from life saving reflectors to hand made lollipops. Company looks for a good idea in the first place, then proceeds with design, production and hands-on management.
