Delivery and payment conditions:

- 1) Once we received your order request, we will calculate the actual shipping cost. For delivery to the USA, the cost has to be determined for each single case depending on weight and size.
- 2) We will then send you an email confirming your order request which will also show the total amount (Light Crystals and Delivery Costs). If you decide to accept the total amount, you will have the possibility to choose between 3 (three) payment options: Bank transfer, payment via PayPal or payment through Credit Card.
- 3) After receipt of payment, we will send you the ordered Light Crystals.

Please note that because of customs regulations and long transports, the delivery time is not exactly predictable. Further, please be aware that it is possible that you will need to pay US Import Tax. If so, usually the delivery company will contact you. It cannot be foreseen whether you will need to pay the import tax or not. Also the exact amount is not predictable. From our experiences made with the US so far, it is a smooth process.

We will send you the tracking number of your delivery. If you wish, we will stay in contact with you throughout the whole delivery process!

Please pay attention to our general terms and conditions "Allgemeine Geschäftsbedingungen und Kundeninformationen" as well as our safety information.

We are looking forward to receiving your order and wish you a lot of joy with our Litios Light Crystals.
